Mr. Sam Unger, Executive Officer  
California Regional Water Quality Control Board  
320 W. 4<sup>th</sup> Street, Suite 200  
Los Angeles, CA 90013

Subject: Item No. 12 on the July 14<sup>th</sup>, 2011 Board Hearing

Dear Mr. Unger,

As President of the Malibu Knolls Property Owners Association (Knolls), I am writing to express the Knolls' support of the proposed MOU between the City of Malibu and the California Regional Water Quality Control Board. The Knolls would like to commend the efforts of the City of Malibu and the California Regional Water Control Board in developing this MOU. It has taken a considerable amount of time, hard work and negotiating at all levels to reach this point.

We are members of the Stakeholders group in Malibu in which the City Manager has kept us well informed of the status of these meetings. Through this process the City of Malibu and the RWQCB have a better working relationship and understanding of the work needing to be done to protect the quality of water in our area.

This document is a significant step in the right direction reflecting that both parties understand and desire to continue working together to resolve the pollution problems in the Malibu Lagoon and Creek. We support these efforts and appreciate the cooperative work by Mr. Thorsen and the City of Malibu as well as your work, Mr. Unger, and that of the RWQCB. We would like to see the City of Malibu and Regional Water Quality Control Board move forward by adopting this MOU.

Sincerely,

Connie James

Connie James

President, Malibu Knolls Property Owners Association
